Our Foundation Chemistry at Work™ package is the foundation of the program. It includes everything needed to introduce the framework and begin supporting improvements in employee functioning that can contribute to measurable ROI.

Our Basic package includes:

1-hour Discovery Wellness Seminar

A guided, science-based session that explains how daily habits affect energy, focus, and mood.

Printed Companion Guide

A quick-reference booklet employees can keep at their desk.

Private At-Home Nutrient Screen (via 5 Strands or Quest)

Screening method (at-home hair sample or in-lab blood draw) is determined by the selected program. Lab-processed. No medical claims. No on-site logistics.

Access to Licensed Nutrition Coaches (via NutriGreene)

Employees can work with a registered dietitian to review results, explore food options, and build sustainable long-term habits.
